

## CNUDST Web of Science Selection Process Workshop 26 February 2020

### Workshop Description

This workshop will highlight the most important aspects of the journal selection process and journal evaluation criteria for coverage in the *Web of Science*, including standards for the new *Emerging Sources Citation Index (ESCI)*, Arabic Citation Index (ARCI) as well as the *Science Citation Index Expanded (SCIE)* and the *Social Sciences Citation Index (SSCI)*.

**The workshop aims to answer the following questions:**

- What are the principles and goals of the journal selection process?
- What is the new approach to collection building and curation?
- How does one submit a journal and what is the evaluation process?
- What is considered as journal self-citation and stacking and why are some journals de-selected?
- How does one calculate the Impact Factor of a journal?
